LIFE SENTENCE.

Jim Howard's Second Trial
Ended Yesterday.

Sentenced to Life Imprisonment
After a Brief Deliber-
ation.

Frankfort, Ky., Jan. 30.—Jim
Howard was today convicted for the
second time of complicity in the
murder of Gov. Goebel. He was
given a life sentence, after two
hours deliberation. The former
verdict was a death sentence.

To-day is the second anniversary
of the assassination.

BENJAMIN BRADSHAW.

Death of This Much Esteemed
Citizen Near Pembroke.

Mr. Benjamin Bradshaw, a well
known Pembroke farmer and in-
fluential citizen, died at 3 o'clock
a. m., Wednesday morning, after
an illness of several months of can-
cer of the stomach. He had not en-
joyed the best of health for a year
or more, but it was not until a few
days ago that his condition grew
alarming.

Mr. Bradshaw was a man held
in the highest esteem by a host of
friends and in his demise that com-
munity has lost one of its best citi-
zens. He was about 60 years old
and had been a member of the Bap-
tist church for many years.

He is survived by seven children
—four sons and three daughters.
The interment took place yester-
day afternoon in the family burying
ground.

TWO HIGHWAYMEN

Hold up Amos Hayden, Securing
Some Cash.

Mr. Amos Hayden was held up
in the eastern suburbs of the city
last Monday night and relieved of
\$1.35 in small change. He was en-
route to a party, and when about
opposite Dr. K. W. Ware's resi-
dence, two negroes suddenly ap-
peared from the road side, and
with drawn pistols demanded his
money. They covered him with
pistols and "went through his
pockets."

SERIOUS CHARGE.

Negro Arrested at Pembroke Held
To Circuit Court.

Jonas Bone, col., charged with
assault with intent to rob A. J.
Barr at Madisonville a few days
ago, was arrested at Pembroke and
taken back to Hopkins county. At
the examining trial Bone was held
over to circuit court. In default of
bond of \$450 he was remanded to
jail.

AGED WOMAN DEAD.

Victim of Pneumonia and Only
Ill a Few Days.

Mrs. Jane Branson, aged about
70 years, died of pneumonia last
Saturday at her home, the Enoch
Wood homestead, five miles west of
Gracey.

She was a member of the Baptist
church and leaves ten children—
seven sons and three daughters.

"Citizen" Wants a Park.

MR. EDITOR:

I wish to call the attention of our
city fathers to the old city cemetery
at the West end of Thirteenth
street. Why not turn that into a
city park, as it looks like an old
deserted snake den. If any of our old
pioneers remains are there remove
them to Hopewell cemetery. The
population of Hopkinsville now de-
mands a city park, and as this
place overlooks some fine country
and scenery, why not turn it into a
park? Respectfully,

A CITIZEN.

COMMITTEE COMING.

Strenuous Efforts Being Made
to Prevent Investigation.

The Board Has Asked an Audience
For a Business Talk About
Asylum Matters.

The Legislative Committee on
Charitable Institutions will next
Tuesday start out on an inspection
tour of the various Asylums of the
State. It is not known what day the
committee will visit the Asylum
here, or to what extent it will go
into the investigation of the rotten-
ness that has existed in the asy-
lum.

Sworn charges were laid before
the State Inspector and the Govern-
or nearly a year ago, affidavits
being transmitted by the Board of
Commissioners. As those endeavor-
ing to cover up the scandals are
claiming that charges have, not
been formally prepared, the conclu-
sion is that the General Assembly
has not had access to the State re-
cords. Within the last few days, the
Board of Commissioners, the entire
board, concurring, have submitted
a printed official report to the Leg-
islature, calling attention to the un-
investigated charges of immorality,
gambling and waste of public funds.
These charges from the official
board of control are now before the
Legislature. In addition, the of-
ficers of the Board have formally
requested of the visiting committee
an audience, and it is believed that
the committee will complete the in-
vestigation begun by the Christian
county grand jury at the time the
wholesale indictments were return-
ed against the appointive officers
last summer.

The most humiliating and dis-
graceful spectacle ever seen in the
politics of Kentucky, is to witness
the organized and persistent efforts
being made by State officers and
others controlled by them, to keep
in office confessed gamblers, who
have disgraced themselves and the
Democratic party.

We believe there are enough good
men, clean men and honest men in
the Senate of Kentucky to take a
firm stand against the confirmation
of unworthy men in places of honor
and trust in the asylums of the
State.

The pardon of Louisville gam-
blers was bad enough, but it is a
still worse trial of public patience to
infest the eleemosynary institutions
of the State with men who have
been punished for gambling in the
very walls of the asylum and to ask
a Senate of honorable men to place
the stamp of approval upon the dis-
graceful performance.

These are plain words, but it is
no time to mince words.

When the committee comes next
week, if it means business it can
in two hours find recorded evidence
enough to prove that the Board is
right when it takes its stand for the
people of Kentucky and against
law-breaking and immorality in the
institution they have sworn to con-
duct, guided only by a sense of duty,
without one cent of pay. These men
have the confidence and respect of
all classes of people in Hopkins-
ville: They represent the best peo-
ple of the community and some of
them have near and dear friends in
the asylum. They have no motive to
misrepresent, and they have charg-
ed open and flagrant violations of
the law, over their own signatures.
Gentlemen of the committee, it is
up to you.

SCHOOL CLOSES.

Principal Will Take Law Course
in Cumberland University.

Prof. J. H. Bruff, who had been
teaching school at Longview,
closed a very successful term this
week. Prof. Bruff left yesterday
for Lebanon, Tenn., where he will
take a law course in Cumberland
University.

DEATH

Claims One of Hopkinsville's
Most Loved Women.

Mrs. Belle Anderson Passed Away
Yesterday Morning After
Lingering Illness.

Mrs. Belle Moore Anderson died
yesterday morning at 2 o'clock at her
home on East Twentieth street. Her
death was not unexpected, as she
had been very low for several days.
About six weeks ago, while walk-
ing across the floor in her room,
she stepped on a pin which pierced
through the sole of her slipper and
entered the ball of her foot. The
wound thus received seemed slight
and but little attention was paid to
it at the time. A few days after-
wards her limb began to pain her
and Doctor Anderson applied the
usual remedies of the profession in
such cases, but without avail. The
wound grew worse and worse, and
on the 18th of this month Doctors
Blakey and Woodward were called
in. The wound was so malignant
that an operation was deemed nec-
essary. Her physicians found
shortly afterwards that her whole
system was becoming poisoned and
every effort was used to stop its
progress. For a number of days
she was unable to retain any food
or stimulants and she gradually
grew worse and worse. All hopes
of her recovery were abandoned by
friends and physicians Monday
night. She lingered until yesterday
morning, when she quietly passed
away, surrounded by her family
and devoted friends in attendance
at her bedside.

Mrs. Anderson was married to
Dr. Anderson on the 14th of last
July. She was one of the most
popular belles of this city, where she
was reared, beautiful and accom-
plished, and possessing in an em-
inent degree such charms of manner
that endeared her to all who came
under her influence. She was a
member of the Christian church
from childhood and always took an
active part in the work of her
church.

A feeling of sadness pervades the
entire community at the untimely
end of a life that hitherto was all
sunshine and had such bright
hopes for future usefulness.
The hearts of our people go out
in sympathy for her devoted hus-
band, sorrowing mother and loving
brothers, who now walk in the
dark shadow of death.
Funeral will take place this
afternoon at 2 o'clock from the
Christian church.

Hopson-Williams.

Mr. J. B. Hopson and Miss Flo-
rence Williams, young people living
near Clardy, North Christian, were
married at the home of the bride
last Sunday.

NEVER LOST

His Presence of Mind Though
He Was on Fire.

Mr. Walter Kelly Saves His Life
by Knowing What to
Do.

Last Tuesday night Mr. Walter
Kelly, by rare presence of mind,
saved himself from what might
have been a horrible death.
About 9 o'clock, after he had taken
off his coat and vest before retir-
ing for the night, he concluded he
would go into an adjoining
room for a drink of water.
Before going into the room he put
on his bath robe of cotton flannel
for fear of taking cold. There was
no light in the room and in attempt-
ing to strike a match on the bottom
of his shoe the match broke in two,
the burning end striking the robe
near the bottom. Almost in a sec-
ond Mr. Kelly was in a flame from
head to foot. Comprehending his
danger he at once fell to the floor
and rolling over and over succeed-
ed in smothering the flames. He
does not show any signs of having
been in danger save the singeing of
his hair on back of his head. He
thinks it is not out of place for his
many friends to offer congratula-
tions for his narrow escape.

CASUALTY AT CADIZ.

Mrs. Wilson Sustains Injuries
Which May Result Fatally.

Mrs. Mary Wilson, mother of Mr.
J. S. Wilson, the Cadiz merchant,
happened to an accident Tuesday
night which may have a fatal ter-
mination.

She stepped out upon the porch
when she slipped on the ice and fell
six feet to the ground.

When picked up she was uncon-
scious and on examination by phy-
sicians it was found that her skull
had been fractured, and one hip
broken. Mrs. Wilson is about 65
years old and the chances for her
recovery are considered extremely
doubtful.

OIL IN CALDWELL.

Reported Strike in Well Being
Bored Near Princeton.

Princeton, Jan. 28.—The excite-
ment over the Caldwell county oil
fields was greatly increased when
J. J. Boynton, manager for the
South Florida Oil Company, re-
ported a strike in the well being
put down about three miles from
town. The well is now 1,050 feet
deep and will be drilled as rapidly
as possible by working day and
night.

ANNOUNCEMENT!

We are authorized to announce

MR. W. H. BELL, of Christian County, as candidate for Railroad Commissioner in the First Railroad District of Kentucky, subject to the action of the Democratic party, Election Nov. 1903.

Prince Henry will be in Louisville half an hour next Sunday.

It should be written "W. Santia Schley"—no change of initials, you see.

The Pope of Rome is in good health, notwithstanding the efforts of correspondents to have him the reverse. He is looking forward to the anniversary of the twenty-fifth year of his pontificate.

By a vote of 8 to 7 the House Committee on Commerce last Tuesday made a favorable report on a bill for the Government construct and maintaining a Pacific cable.

The Kentucky House Committee on suffrage and elections has reported favorably on the bill to remove the roster, log cabin and other party devices from election ballots.

Wherever he goes, it may be said that the people do things "on the Schley" on a large scale. This is not put out as a pun "on the sly," but the record of a fact.

Admiral Schley is doing Nashville today. People who heard here the rear of cannon during the battle of Fort Donelson may imagine they hear a noise of the same sort today—but hardly.

A bill has been introduced in the Kentucky House of Representatives to make Gen. Lee's birthday a legal holiday. Legal holidays increase in number every year and isn't there danger of having too many of them?

The cigarette question bobbed up in the Kentucky House again last Tuesday. About half of the sixty days of the present Legislature have expired, and our solons had better take the capitol and cigarette bills and get ready for the passage of bills that will pass.

Representative Ed Parker has offered a bill to abolish the Goebel Reward Commission. Parker was sent to the Legislature from Laurel and Rockcastle to "represent" the Republicans of those two counties. As Democrats rule the roost, this bill will doubtless die unborn.

The "Umbria," one of the Cuad liners, talked with her sister ship, "Euturia," for three hours and a half the other day. The longest distance at which they talked was 108 nautical miles, and 32 miles the shortest. These two ships have had other conversations at about the same distance, by wireless telegraphy.

Representative Crumpacker's plan to reduce representation in the Southern States where the negro has been disfranchised is opposed by two Republican members of the House—Borah and Irwin—but they propose federal control of elections—which is equivalent to disfranchising white Democrats. Crumpacker is going to make an effort for a caucus next week.

"A United States Consul General Hanna figures in the news from Mexico. Another United States Consul Hanna frequently sends in reports from some European point, Solicitor Hanna has cut a big figure in the Schley case and the sun couldn't go to rest without having scanned on Uncle Marcus Aurora Borealis Hanna in some prominent role. There may be nothing in a name but the tribe of Hanna appears to have a remarkable capacity for getting there—Louisville Times.

What's the matter with Robert C. Hanna, the Republican Representative in the Kentucky Legislature from Lewis county, and his way of "getting there?"

An Ancient Foe

To health and happiness is Scrofula—as early as ever since time immemorial. It causes blemishes in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"A bunch appeared on the left side of my neck. It came over my head, and became a running sore. I went into a general druggist. I was given Dr. Hoar's Sarsaparilla, and when I had taken six bottles my neck was healed, and I have never had any trouble of the kind since." Mrs. L. T. V. Allen, Troy, Ohio.

Hoar's Sarsaparilla and Pills

will rid you of it. Sarsaparilla and Pills, permanently, as they have rid thousands.

In the United States Supreme Court the Louisville and Nashville Railroad Company, plaintiff, against T. R. Eubank, gained a decision reversing that of the Supreme Court of Kentucky. The case involved the validity of the Kentucky constitutional provision affecting the long and short haul clause of the Interstate Commerce Commission laws, regarding arbitrary charges for freightage over various interstate distances. The Supreme Court held that a state had the right to regulate rates within its borders, but that its province could not extend into another state, thus coming into conflict with the law enacted by Congress.

A man in Louisville last week brought suit against a telegraph company for being swindled out of a wife by its telling her intended to meet him at Nashville instead of Louisville. The telegram was sent last January and the woman married another man. Wonder if the other man has any "regrets" to express about the fault of the telegraph company, now that the honey moon is over?

Senator Watson (Dem.) last Tuesday introduced in the upper branch of the Kentucky Legislature a bill giving to the court of appeals the election of the State Librarian. The bill is similar to the one introduced in the House by Representative J. H. Brown (Rep.) if we mistake not. The best thing the Democrats can do is to keep everything they can out of the hands of the court of appeals.

It sometimes looks as if law is what the party in power wants it to be. The lawyers in Congress say that Congress has no power to enact laws that interfere with State local elections or State constitutions. Some of the Republicans think, or think they think, that the election of Congressmen partakes of the nature of a Federal election, and that Congress has full authority to enact as it may deem proper.

Scribner's Magazine for February contains discussions of questions of the greatest national importance; short fiction by clever writers, beautifully illustrated; several art articles; an installment of F. Hopkinson Smith's series of artist life in New York; and poems by Winston Churchill, Edith Wharton and others.

Admiral Schley was given a genuine Kentucky welcome in Louisville Wednesday and Thursday, in spite of the arctic weather. There, as a round of receptions and entertainments, the General Assembly adjourning yesterday to go to Louisville to assist in paying honor to the hero of Santiago.

"Rev. Dr. Parkhurst evidently realizes that he is played out as a reformer, and in declaring that only the souls of the truly good are immortal, he takes a new tack to get himself talked about."—Louisville Times.

It is now said that Judge Taft got back to the United States in apparently good health. The papers must have been laboring under the impression that he was "sick of his job" in the Philippines.

The Court of Appeals has refused a new rehearing in the Pratt contest, and Attorney General Breckinridge will have to vacate at once, or as soon as the mandate can be issued.

Prince Henry will make only thirty minute stops in Louisville and Cincinnati, on March 2. Hopkinsville has been cut out of his itinerary entirely.

It is given out from Washington that Collector Barnett is to hold his job.

HAPPY HOLLOW

Marriage That Deserves More Than Passing Notice.

The marriage of Ben Hardin and Mrs. Nannie Simms in Happy Hollow last week, deserves more than a passing notice, since this was Mr. Hardin's fifth trip on the suffled waters of matrimony and Mrs. Simms' third. Three of Mr. Hardin's wives and ex-wives live, while two are dead. The peculiar feature of this last marriage is that this same couple were to have been first married some twenty years ago. The wedding night was set and all preparations made, when, for some reason, the bride-to-be expressed her preference for another by marrying the night before the date set for Hardin's happy event.—Hancock Clarion.

Jury in Morrison Murder Case Fail to Agree.

The jury at Nashville in the case of AVILL Morrison, charged with the murder of W. Douglas Coffman, of Slaughterville, Ky., failed to agree and was discharged Wednesday. The case will now go over to the next term of the Davidson county criminal court.

On the first ballot the jury is said to have stood nine for murder in the first degree and three for murder in the second degree.

At a former trial Morrison was found guilty of murder in the first degree and sentenced to be hanged.

The killing occurred at Springfield, Tenn., in the Christmas of 1899.

Morrison was raised in this county, near Elmo.

Mr. J. B. Allenworth, of this county, is one of the attorneys for the defense and his speech was very highly complimented by the press.

Appointed a Notary.

Mr. Jas. A. Young, Jr., has been appointed by the Governor a Notary Public for Christian county.

Bishop Dudley.

Bishop Dudley will preach at the large church next Sunday morning and night.

Weather.

Washington, D. C., Jan. 30.—For Kentucky—Partly cloudy to-night, Friday generally fair.

Remarkable Cure of Croup.

A LITTLE BOY'S LIFE SAVED. I have a few words to say regarding Chamberlain's Cough Remedy. I saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed ever ten minutes until he "threw up" and then I thought "sure he is going to choke to death. We had to pull the plug out of his mouth in great haste." I am positive that had I not got that bottle of cough medicine, my boy would not be on earth to-day.—JOEL DEMONT, Irwood, Iowa. For sale by all Druggists.

Charles Goodpastor accidentally shot and perhaps fatally wounded himself in Bath county.

A Cure for Lumbago.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do."—All Druggists.

CASTORIA. The Kind You Have Always Bought. *Dr. H. H. Hatch*

The three-week-old child of William Roberts, near Owingsville, was accidentally smothered to death.

GREAT LOSS

And Inconvenience By Sleet, Snow And Rain.

Telephone, Electric And Telegraph Wires Down And The Town a Vast Skating Place.

The rain, sleet and snow which began falling last Sunday night, culminated in placing roads, streets and sidewalks in worse condition than has been known here for years, probably the worst that has ever been known.

The almost continuous fall of rain Tuesday and Wednesday night, at first froze as fast as it fell. Tuesday night the mercury began to rise in the tube, and by Wednesday morning the crust of sleet and snow which covered the earth probably to the depth of two or more inches commenced to soften. Wednesday, by noon it had thawed enough for the store-keepers to begin clearing off the sidewalks, but up to last night pedestrians still labored to get along, though the thaw was slow it was a great blessing, as the danger from serious falls was greatly diminished.

Dr. W. H. Hopsen fell and sustained serious injury, two or three ribs being fractured. The doctor is quite old and feeble and it will be some time before he is at himself again.

The whole town was one vast skating place, and go where you might you would see the boys on their skates flying here and there, reminding one of the flitting of swallows just before migrating.

Many of the boys played "hooky" from school just to "get their fill" of skating. Of course the attendance at the schools was small, as it was unsafe for little children, and probably the larger ones were only too glad to convince their parents that it was "impossible to get to school," and if they should get there, there would be nobody else—and, of course, the teachers couldn't "get there." There's no telling how long it was before the "stay-at-homes" were having a big time with their sleds and skates.

There is no way of estimating the damage done all over the city. A large number of roofs that have been known to leak before let in the melting sleet to the great discomfort of many of the housekeepers, while several merchants and others sustained serious loss by leakage.

Hotel Latham will suffer considerably, the ceiling of the lobby near the clerk's office is in pretty bad shape. It is probable the entire ceiling will have to be replastered and repaired to make it look as Captain Whitlow will want it. A man was told to work Wednesday shoveling off the ice that had formed at the eaves around the entire building. Great slabs of ice, four or five inches in thickness, were thrown to the ground, nearly half a day's time being consumed in doing it.

The Phoenix Hotel had but one leak, damage nominal.

The rear of J. H. Anderson & Co.'s, three stores are in bad shape. The loss to goods and building will probably aggregate \$1,000.

Dr. R. C. Hardwick will sustain a very slight loss at his stores—probably \$3 will cover his loss.

Annoying leaks broke out in the First National Bank.

There were several bad leaks in the John Moayan store, and the loss is reported to be quite heavy—approximately \$1,000.

Winter Bros., sustained some loss in their confectionery.

The rear part of the KENTUCKIAN'S composing and press rooms was almost flooded. The cylinder press received such a baptizing that it took some time to put in order, while type cases above were filled with water.

Mr. T. E. Bartley was a sufferer and does not want to go through with a like experience.

The new hotel at Cerulean leaked in many places and cost of repairs will run to probably \$50, or more.

The I. C. bridge beyond Cerulean Springs was in danger of giving away, as the pier supporting the center was in almost a tottering condition. Should the creek spanned by it rise much higher it may yet be swept away. The afternoon

train coming into the city Wednesday was delayed some time as an examination of the bridge necessitated the train being held up.

All trains over the L. & N. were behind time Wednesday, but so far we have heard of no washouts.

All the electric lines, the telephone lines of both the Western Union and Postal Telegraph Companies suffered considerably.

There was no communication with Louisville by the Western Union until 1:25 p. m., Wednesday.

W. T. Cooper & Co. place their loss at \$50.

The damage to Forbes & Bro. is pretty heavy, machinery in the wagon department is in bad shape and also in the planing mill.

A negro by the name of Crooms came near losing his life by slipping on the ice while loading a hog-head of tobacco. When he fell his head struck the ground with such force that he was unconscious for about an hour.

Some of the trees in the front yard of the late Dr. Rodman have been ruined.

Mr. Cortez Leavelle's fine lot of cedars are very much damaged. The foliage of the cedar is so heavy that it retained much more of the sleet, and in consequence the trees were broken down.

Mr. Frank Waller also lost several of the same variety, besides others.

Mrs. Nash, wife of Rev. C. H. Nash, pastor of the Baptist church, while standing on the front porch slipped and fell to the ground. One rib was broken and she sustained painful wounds on face and head.

The daughter of Mr. M. Ben C. Boyd fell from a sled Tuesday. Her head struck a piece of ice with such force that she was unconscious when taken up and carried into Mr. Callie's house.

Incidents.

Coasting from College hill was participated in by large squads of young people.

One of the coasters, starting from College hill, went sailing down Ninth street and never stopped until he got as far as Abernathy's warehouse.

Limbs as large as a man's leg are reported to have been broken off by the great weight of ice.

The manager of the telephone exchange says that it will cost the company about \$400 to make repairs.

The public schools closed doors at noon Wednesday.

Little River was nearly out of its banks Wednesday at 5 o'clock.

The Opera House "sprung a leak" Tuesday night. Damage \$200.

Don't say anything to the dealers about buying fruit jars, especially in car lots.

Prayer meeting attendance at all the churches Wednesday night was slim, as the electric lights were not on.

Will Hamberger is so mad about his heavy loss that he will not let his graphophone say a word.

Mr. R. H. Holland has been greatly bothered. He has bored three or four wells to get water enough for the new ice factory. He even got enough for the Opera House.

The weather prophets say that February and March are to be worse than January.

Rev. J. H. Spurlin, of Sturgis, has accepted a call to Eddy Creek church, succeeding Rev. C. E. Pennyman, resigned. Rev. Spurlin was formerly pastor there for a number of years.

OVER ONE MILLION DOLLARS

THE PLANTERS' INS. CO., OF BOWLING GREEN, Ky.,

Has now in force over ONE MILLION DOLLARS of insurance on farm property.

We have written on an average of over \$350,000 of insurance per year since the Company was incorporated in 1898. We think this a good business, taking in consideration our territory being limited to ten Cos.

Our loss rate from organization to date has been on an average of 20 cents per \$100 of insurance per year. We have a large majority of the best farmers in Southwestern Kentucky insured.

Ask either of the following agents for a list of the insured and any other information you may desire: S. G. BUCKNER, Agt., Hopkinsville, Ky. E. J. MURPHEY, Agt., Pembroke, Ky. P. C. JESSEE, Sec'y.

TOBACCO MARKET

Almost at a Stand-Still This Week.

Disagreeable Weather And Bad Roads Cause Light Receipts With Few Sales.

Very little has been done in tobacco circles this week, owing to the disagreeable weather, which has prevailed.

Receipts have been very light and sales were small.

On account of the dangerous condition of the roads very little of the loose weed has been moved since last week and this branch of the business, which had been on a rush, is now practically at a stand-still.

Where the tobacco has been bulked down some stripping is being done, but it will take several days of clear, warm weather to produce anything like a reaction in the business.

RED HILL HAPPENINGS.

Runaway Accident Results Fatal—Niner's Leg Broken.

Mrs. S. H. Denton entertained a large number of relatives and friends at a birthday dinner last week, it being her birthday and also the birthday of two of her daughters.

Sam Tucker, a young man near here, died last Monday of paralysis. He was returning from Greenville about Christmas when his team ran away throwing him out of the wagon, injuring his spine. He has lain in a semi-conscious state ever since, being unable to move, until death released him from his sufferings.

S. H. Ruddell and Willie Stanley made a business trip to Hopkinsville last Saturday.

Mrs. Nancy Hamby, of Nortonville vicinity, visiting relatives here this week.

Mrs. Leslie Crick has been very sick for the last few days.

Mr. Jas. Stanley, and Miss Mary Stanley were quietly married one day last week. They are popular young people of this vicinity and we wish them much happiness in their new life.

Cleveland Berry, who is working in the mines at Empire, had the misfortune to get a leg broken a few days ago, but is getting along very nicely at present.

L. C. Price, who is in the telephone office at New Empire, was at home Sunday.

Mr. and Mrs. T. Hamby are visiting relatives in Hopkins county this week.

Herdson Letter.

Herdson, Ky., Jan. 28.—The sudden change in the weather is very unpleasant, but "what can't be cured must be endured."

Mr. Arlander Alexander, of near Cadiz; Mr. Jarred Coleman and Mr. Harry Young, of Bennettsown, are attending school at this place.

Miss Katie Mitchell visited her parents Friday, Saturday and Sunday.

Mr. Richard Bowling, who has been quite ill, is recovering rapidly.

Miss Martha Mason is quite ill with whooping cough.

Misses Susanne and Effie Dawson returned to their home Saturday, and we are afraid they will not visit us any more soon, as Miss Effie is contemplating going "West" in the spring, and Miss Susanne is thinking of going South, but will not decide until she sees "more" about it.

Miss Daisy Tilly will visit her parents Saturday and Sunday.

Mrs. Jake Sherrill, who has been spending the winter, with her mother, Mrs. Young, will return to her home in Fullerton, Cal., to-morrow.

Rev. T. D. Moore will hold a protracted meeting at this place in the near future. The exact time has not yet been decided.

A certain old bachelor is visiting our town to-day, and is still bragging about his "best girl," but watch out Jack we have heard there is a "Wall" between you and "Will." "Goo Goo."

THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE AMERICAN MONTHLY REVIEW OF REVIEWS is commended by Statesmen, Professional men and thousands of others prominent in the world's activities, for its fine discrimination in sifting the actual news from conflicting report and the presentation of current events in their just proportion. They comment on its freedom from daily-paper sensationalism. All men and women who want to know what the world is doing find it an intellectual necessity, to judge from the letters received from hundreds. Its editorials are comprehensive, and labor saving to the busy man or woman. Its timely contributions on important topics are by the best-informed writers. Its reviews of other magazines give the best of their best work. It is profusely illustrated.

These letters will enable all thoughtful men and women to judge of its value to them:

"I consider it a very valuable source of information to my library."—Theodore Roosevelt

"I am a constant reader of the Review of Reviews and appreciate its very highly indeed. I think it is very important part of my library, because all earnest and thoughtful men, no matter how widely their ideas diverge, are given free utterance in its columns."—Charles W. Fairbanks, U. S. Senator, Indiana.

"I do not have a great deal of time to read magazines, but I take pleasure in saying that the Review of Reviews is among the number which I should not otherwise have overlooked."—George F. Hoar, U. S. Senator, Massachusetts.

1879

1902

Twenty-three Years.

In view of the fact that the KENTUCKIAN has wound up its 23rd year of success, it is not out of place to say a word to its friends. The KENTUCKIAN has long since become a fixture of Hopkinsville.

All Newspaper Records in the City Have Been Broken by it.

No other paper ever published in Hopkinsville can point to a record of more than 20 years, with each year's business better than the one before. How many papers in that time have tried to run in Hopkinsville and fallen by the wayside? How many have failed to reach the goal?

An ocean cable 10,000 miles long would not serve the purpose for which it was designed if it fell short within twenty feet of the receiving-instrument.

It isn't the first end that counts. It's the last end. The start is nothing. Every contestant starts in a race, but how many finish? Almost any horse can begin in a race. Wish a few trials, ever an old plug may get away from the wire all right, but it's the coming under the wire for the last time that counts, it's being in the race to the finish that is alone valuable.

A great many things in this world are made to begin well enough, but they fall short.

The KENTUCKIAN as an advertising medium has never fallen short. As a news medium, occupying a field of its own choosing, it has for 20 years stood squarely upon its merits and succeeded

WHERE OTHERS FAILED.

Advertisers should bear this in mind. Money spent for Newspaper Advertising is an investment. It is not how much the advertising costs, but how large will be the returns. The mission of Newspaper Advertising is to Sell Goods. When the careful merchant has decided the important question as to the right medium, then, by attractive display advertising in that medium, he will inevitably increase sales. This result follows as surely as day follows night. The

Kentuckian

is the medium that pays, because it reaches the people. It has among its patrons advertisers who have been with it without a break for 12 to 15 years. It numbers the very best class of advertisers in their respective lines of business.

If you are not already a customer of ours, we want to make you one, and your advertising ONE OF OUR SPECIALTIES.

Newspaper advertising has become an indispensable adjunct to business. You need the advertising, we have the space to sell. Come let us do business with each other.

And to the reading public, remember we cover the entire news field twice a week for only \$2 a year. At least one half of the news we give is in advance of other publications, because our facilities for gathering out-of-town news are equalled by none. If your time is outrenue promptly. If you have never taken the KENTUCKIAN, try it for 1902.

Ghas. M. Meacham.

ESCAPED INJURY.

Although This Woman Jumped From Three-Story Building.

Lexington, Ky., Jan. 28.—A woman giving her name as Nellie Powers and who arrived from New York a few days ago, jumped from the third-story of a house of ill fame at 3 o'clock this morning and escaped with slight injuries. She claimed an attempt had been made to shoot her. Other inmates say she is a dope fiend.

READ THIS.

Hopkinsville, Ky., June 7, 1901. Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have sold your Texas Wonder, Hall's Great Discovery, for the past three years, and from experience I can say I have never sold any kidney and bladder remedy of superior merit.

Most respectfully,
THOMAS D. ARMISTEAD.

Wanted at Ft. Worth.

Chattanooga, Jan. 28.—J. J. Flinn, wanted at Ft. Worth, Tex., on a charge of diamond robbery, was delivered to Texas officers and taken to Ft. Worth. Flinn and wife operated together and were captured at Knoxville a few days ago.

There's a story of a farmer and his son driving a load to market. Of the team they were driving one was a steady reliable old gray mare the other a fractious, balky black horse. On the way the wagon was stalled and the black horse balked and refused to pull. "What'll we do father?" said the younger man. "Well," said the father, "we'll have to get on the old gray." That homely complaint to woman: "The gray mare's the better horse" suggests how often even the best extra strain to be borne it is laid on the woman's back. How often she breaks down at last under the added weight of so-called "last straw." Women who are dragging along wearily through life can gain real strength by the use of Dr. Pierce's Golden Medical Discovery. It puts back in concentrated form the strength making material which working women use up more rapidly than it can be replaced. Nature in the ordinary processes of nourishment and rest. Dr. Pierce's Pleasant Pellets are universal favorites with women because they are easy to take and thoroughly effective in curing the consequences of constipation.

EDGEWOOD,

8069.

Edgewood's breeding is of the most fashionable strain, and contains crosses to all the blood that has produced the winners of the world. Such stallions are too few for the good of the trotting industry. Numbers of the best, were during the hard times just past, exported to foreign countries. Among the few left to fill the requirements Edgewood remains, though yet a young horse, has seven to his credit, with records from 2:24 to 2:10, which, in itself is proof sufficient as to his merit. His colts are all fine, large, good-looking individuals, good actors and trotters, and command the top prices when led in the sale ring. Gayety, 2:18 1/4, one of his handsome daughters, was sold to John Spian, of Cleveland, Ohio, last February for Five Thousand Dollars (\$5,000.00). Eight youngsters by him were sold in John S. Lackey's sale in March last, by S. J. Fleming & Son, of Terre Haute, Ind., for prices that proved to them that there was still money in raising colts by the right kind of a horse.

Edgewood is the property of S. J. Fleming & Son, of Terre Haute, Ind., and ranks with such horses as Margrave, Axtell, and Jersey Wilks, which is proven by his list of colts with race records. His colts make fine roadsters and Matinee horses and are sought for that purpose as well as for race horses.

Edgewood, by Nutwood, (600) sire of 160 performers, including Lockheart, 2:08 1/4, Manager, 2:06 and 12 others in 2:10 list. He by Belmont. He by Abdullah, 1:5. He by Hambletonian, 1:10. Nutwood's dam, Miss Russell, dam of Maud S, 2:08 1/4, and six others. Her sons are sires of 223, and Edgewood's dam, Melrose, is the dam of Glenview Belle, 2:20 1/4, and Frances, (2 yr.), 2:28 1/4, made in 1901. His second dam, Moss Rose, dam of Nutrose, 2:22, and grand dam of 16, 3rd dam, Primrose, the dam of 6, from 3:30 to 2:20, 4th dam, Black Rose, dam of 5 in the 2:30 list.

WISDOM'S JEWELLED RING.

Dr. Hedley at the Opera House
Monday Night.

One of Dr. Hedley's great lectures will be given at the Opera House next Monday night. Holders of lecture course tickets will use them and a large number of others will be in attendance. The Logansport (Ind.) Journal has the following to say of this lecture:

"The second lecture in the Women's Club course was attended last evening by a large and enthusiastic audience, composed of those who are always interested in these excellent entertainments. Dr. James Hedley was the brilliant speaker, who kept the great numbers before him deeply absorbed. 'Wisdom's Jewelled Ring' was the subject of his lecture, and its substance was filled with imagery, poetry, philosophy, sketches, stories and beautiful word pictures, all helpful and uplifting. It was the verdict that no choicer and no more entertaining lecture had ever been given in Logansport."

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists.

Must Be Settled.

"Historian" MacLay has been thrown out of his "laborer" berth in the Brooklyn Navy Yard and his "history" ejected from the State library of Maryland. But even this doesn't mean that "the war is over; let us have peace." A question like that between Schley and Sampson is never settled until it is settled right, and it will be fought out on that line by the justice-loving and demanding people of the United States if it takes all the summer of both time and eternity.—Louisville Times.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all Druggists.

CLARKSVILLE FAILURE.

Proprietor of Candy Factory Cries to Wall.

W. J. Martin, a Clarksville merchant, filed a petition in bankruptcy Monday morning. He conducted a candy factory and restaurant jointly. His liabilities are given at \$2,100, and the assets at \$2,000. A receiver will be appointed to take charge of the business and wind it up.

FEBRUARY FORECAST

Much Unpleasant Weather May Be Expected.

Heaviest Winter Storms Will Occur During Last Half Of February and Early in March.

From Word and Works we glean the following summary of the weather for February, as outlined by Prophet Hicks:

February promises to come in during the existence of reactionary storm conditions. From Saturday the 1st, to about Monday and 3rd, fluctuating barometric readings will pass over the country, attended in many parts by cloudiness, rain and snow. Sharp change to colder may be looked for behind these reactionary storms, spreading from west to east, causing a marked fall of temperature even into the south. From about the 6th to the 10th falls a regular and decided storm period. About this time a warm wave may be expected, attended by lightning and thunder, with heavy rains south, turning to snow and blizzards in the north. General cold wave will follow. About the 13th to 15th it will react to renewed storm conditions followed by rain and snow squalls.

The indications are that some of our heaviest winter storms will fall during the last half of February and early in March.

From the 16th to 20th low barometer and rain, thunder and lightning will be the order during the first stages of the disturbances; but these will quickly give place to driving snow to the west and north, with change to high barometer, northwest gales and very much colder. Tropical thunder storms, with chances good for high and dangerous winds, are indicated on and touching the 23rd. Storms will be general over the interior about this time. Snow and blizzards will follow quickly on the heels of rain and thunder, and a very cold wave for the season will push close after the western sides of storms.

Much unpleasant, wintry weather may be expected in February and March.

SUES FOR \$1,000.

Plaintiff Wants That Amount As Alleged Damages.

James Bradley has filed suit against policeman W. E. Shanklin, and his bondsmen, the United States Fidelity and Guarantee Company of Maryland, for \$1,000 damages.

Positions For You For \$38!

We are connected with three Employment Agencies in other cities, and as soon as you complete either the Book-keeping or the Shorthand course in

The Tennessee Business College and School
Shorthand, at Clarksville, Tenn.,

we secure positions for you, through these agencies. We have more calls for competent Book keepers and Stenographers than we can possibly supply, and so far, we have secured positions for every one of our graduates.

Our Big Offer

To January 31st 1902.

In order to get in a number of young men and young women to prepare them to fill these almost daily calls we are having, we will sell an unlimited scholarship in either the Book-keeping or Shorthand courses for only \$33 cash, provided you enter before Jan. 31, 1902. This means that you pay the \$33 and stay in school until you have thoroughly completed the course, no matter how long it takes you, this scholarship will cost you, including books and everything. This is the greatest offer ever made by any business college. This is the price reduced from \$50, and being connected with these three agencies, is just the same as GUARANTEEING you a position.

Our school is established permanently, and we can give you the very best advantages. We have three of the best and most experienced teachers that can be had. Board \$10 to \$12 per month. Address
